

THE LEPIDOPTERA FOUNDATION

THE FOUNDATION exists as a charitable fund to provide permanent security to the Journal. Funds taken in are placed in a place or places where they will obtain reasonable earning power together with safety. Regular membership in the Foundation is 10.00 per year (coinciding with the Journal volume); other memberships are available. See the special form later in this issue. The Foundation will also maintain collections suitable for geographical or biological study; gifts are welcomed from anyone. No public exhibits are planned. The Foundation welcomes help in its cause; it does not feel competitive with any other group but rather complementary. Arrangements for payment in foreign currencies are possible; write to the editor for information.

YOU ARE CORDIALLY INVITED

TO BECOME A MEMBER OF *THE LEPIDOPTERA FOUNDATION*, WHICH IS DEDICATED TO THE ADVANCEMENT OF KNOWLEDGE OF MOTHS AND BUTTERFLIES THROUGHOUT THE WORLD, THROUGH THE PUBLICATION OF *THE JOURNAL OF RESEARCH ON THE LEPIDOPTERA*.

Membership includes subscription to the JOURNAL and a donation of the balance of the subscription to a fund which will be used for a permanent endowment.

THE LEPIDOPTERA FOUNDATION
1140 West Orange Grove Ave., Arcadia, California, U.S.A.
